The first year is more as a foundation course introducing Homeopathy Philosophy, Materia Medica, Principles of Homeopathy and History of Homeopathy.

After the course students are encouraged to write Faculty's Primary health care examination, which is multiple choice exam for which separate fee is administered directly by the faculty of homeopathy.

Second and third year will focus on

- ❖ Core principles and content of homeopathy
- ❖ Historical and philosophical background to the development of homeopathy
- ❖ Current scientific thinking
- ❖ Homeopathy Pharmacy and Materia medica

Formative assessment will be applied throughout the period.Only candidates who have achieved adequate level of homeopathy education,as judged by assessments and who will have satisfactory attendance record will be encouraged to participate in final examination process.

At the end of the course Faculty of Homeopathy(UK) will conduct MFHom part 1 examination which is theory paper, which will be corrected and assessed by them.

Candidates after clearing their theory, are required to build a casebook of ten patients they have themselves treated under supervision with homeopathy. Hyderabad school will guide the candidates during this proceeds if required.

Case histories have to be submitted to the Faculty and finally clinical examination will be conducted to showcasing the necessary knowledge and skills acquired by candidate in treating a case.

After completion of the examinations Faculty of Homeopathy will award the a postgraduate diploma certificate.candidate can use initials "MFHom"(Member of Faculty of Homeopathy) MFhom is recognised and registrable degree , according to the schedule 3 of the Homeopathy Central Council Act of 1973. The whole act is mentioned in central council of india website.<http://www.cchindia.com/php/scheduleii.html>
